Shell EV Charging Hub

Fulham | London | GB

Shell EV Charging Hub

Fulham | London | GB

In the London borough of Fulham, an existing Shell service station has been converted into an Electric Vehicle (EV) Hub. The EV Hub is the first of its kind in the UK and has 10 covered charging points.

Wooden canopy

For the sustainable wooden canopies, cross-laminated timber was used in addition to weather-resistant larch laminated timber. The cantilevered roofs are covered with photovoltaic panels.

Data & Facts

Building owner

Shell

Customer

Artelia UK

Architect

Bowman Riley

Year of construction

2021

Products used

Glued laminated timber Larch,
Cross laminated timber Spruce

About the HASSLACHER Group

The HASSLACHER Group is a globally active innovation leader in the field of intelligent and integrated system solutions for modern timber construction. The family-run enterprise has had its roots for generations in the use of wood as a wonderfully renewable raw material and for more than 120 years has stood for a pioneering spirit, performance, quality, sustainability and social responsibility.

Together with its 2000 employees, the HASSLACHER Group produces innovative products for modern timber construction in the areas of sawn timber, profiled timber, glulam, cross laminated timber and construction timber at eight sites in Austria, Germany, Slovenia and Russia. True to its maxim „From **wood** to **wonders**.“
